04 EAST ENTRANCE

08 PARKING

Attendees who prefer not to walk up the hill from the parking lot (8) to the east (main) entrance (4) should be driven in from Military Road and dropped off at the east entrance before their ride proceeds to park in the TS parking lot or beyond.

There are a total of 6 steps between the east entrance and the sanctuary. There are ramps available near all steps.

There are dedicated handicapped parking spaces noted in the parking lot.

Once the parking lot is full, attendees may park in the Carnegie Institution lot across Jocelyn Street or find street parking in the neighborhood.
